AND DO NOT participate in Iowa's HMIS network for data collection – this includes DV programs.

Webinar Trainings for Iowa Balance State Street Count Data Collection

- Tuesday, January 20th at 11:00 AM
- Wednesday, January 21st at 2:00 PM

Email notices were early this week with links to the Go To Webinar registrations. If you did not receive the email, please contact ICA for the information. Providers need only attend ***one*** session each session is the same material repeated.

This webinar will provide training on conducting your local count, and you will be able to view and access the needed forms for your efforts. New this year, we will also be providing an orientation to the HUD Mobile Point-in-Time application if your community is interested in using this new technology for your street count.

The Institute for Community Alliances is providing these trainings and will be the agency that will be receiving your local summary report after the count has been conducted.

Des Moines & Sioux City Counts

- Sioux City
