

APPENDIX L UNDERSERVED CITY

Per QAP Section 6, Scoring Category, Location, Category 4, Underserved City, a Project that is located in a city that hasn't received an award of Low-Income Housing Tax Credits in the last three (3) years will be eligible for this category. An award of credits includes a supplemental tax credit award. A city will not be excluded as an Underserved City because a Project located in the city received an award of tax credits within the last three (3) years, but later returned the entire credit award.

This Appendix L provides a list of all Iowa cities that had a Project receive a tax credit allocation in the previous three (3) years. Any city that is **NOT** listed in this Appendix L qualifies as an Underserved City for Scoring Category, Location – Category 4, Underserved City.

****Please note that for a Project to receive points for Scoring Category, Location – Category 4, Underserved City, the entire project must be located in a city or cities that qualify as an Underserved City(ies).**
