

HOME Program Signage Requirements

All developments that receive a HOME Rental (non-tax credit) award may be required to produce and display a sign during the project's construction period. Projects that receive a HOME Rental award and housing tax credits are required to use the tax credit construction signage located at IowaFinanceAuthority.gov.

The Iowa Finance Authority provides the electronic art files and sign specifications for developers to send to the sign company/printer of their choice.

There are two file formats (vector-based EPS and PDF). The files have been created to the exact dimensions, are high resolution (300 dpi) and have been zipped for downloadability. The files can be downloaded by clicking on the thumbnails to the right.
