How to Use Midwestern Disaster Area Bonds to Finance Your Project

Date: February 23, 2010

Time: 11:00 a.m. to 1:00 p.m. Central Standard Time

Presenters:

- Lori Beary – Community Development Director – Iowa Finance Authority
- David Grossklaus – Partner – Dorsey & Whitney LLP
- Chris Sackett – Partner – BrownWinick
- Adam Claypool – Managing Director – DeWaay Investment Banking
- John May – Managing Director – Stern Brothers & Co.

Approximately \$2.4 billion in Midwestern Disaster Area (MDA) bonding capacity is now available to fund projects in [78 Iowa counties](#) regardless of whether your specific business suffered damage. A wide range of projects qualify for MDA bonds, which may be used, among other things, for the cost:

1. of multifamily rental property for low and moderate income individuals;
2. to acquire, repair, replace or construct nonresidential real property and fixed improvements (including, for example, manufacturing facilities, retail businesses, shopping centers, auto dealerships, restaurants, office buildings, warehouse/storage facilities, medical buildings, commercial development, and agricultural facilities/improvements); and
3. to repair or reconstruct public utility property damaged in disasters.

We have assembled a team of experienced professionals to provide you with a detailed discussion of the actual steps in the bond financing process, and to assist you in actually completing those steps, from application to funding. Topics will include:

- An overview of MDA Bonds.
- How the application process works.
- How to determine whether your project is a viable candidate for MDA Bonds.
- Underwriting and financial analysis for various project/borrower profiles.
- Question and Answer Period.
